

U.S. Commercial Service

Presents the MCC, The World Bank, and IADB workshops on Projects in the Pipeline.

Join the US Commercial Service Philadelphia along with Temple University Fox CIBER, and our partners; the World Trade Centers of Greater Philadelphia, Harrisburg, and Delaware to learn how to apply for and win projects from international development organizations.

The MCC assists emerging markets with development funding paid for in the US. It has approved over \$10 billion in compact and threshold programs worldwide that support

country-determined projects such as:

- Agriculture And Irrigation,
- Transportation (Roads, Bridges, Ports),
- [Water Supply and Sanitation](#),
- Access To [Health](#),
- Finance And Enterprise Development,
- [Anticorruption](#) Initiatives,
- [Land Rights](#) And Access,
- Access To [Education](#).

With 189 member countries, staff from more than 170 countries, and offices in over 130 locations, the

THE WORLD BANK World Bank Group is a unique global partnership: five institutions working for sustainable solutions that reduce poverty and build shared prosperity in developing countries. Types of projects the World Bank performs includes:

- [Agriculture](#)
- [Education](#)
- [Energy & Extractives](#)
- [Transportation](#)
- [Water, Sanitation, and Waste](#)

The Inter-American Development Bank works to improve lives in Latin America and the Caribbean. The Bank's current focus areas include three development challenges – social inclusion and inequality, productivity and innovation, and economic integration. Projects include:

- Increase [Agricultural](#) Output And Improve Food Security
- Improve [Energy Efficiency](#)
- Ensure Universal And Sustainable Access To [Water and Sanitation](#)
- Improve [Transport](#) Infrastructure
