

TARIFFS & TRADE STRATEGIES

SEPTEMBER 18TH

MASCPA OFFICE

320 BUSSEY ROAD, 2ND FLOOR
EMIGSVILLE, PA

8:00 - 10:30 AM

Join the World Trade Center Harrisburg and the Manufacturers Association of South Central Pennsylvania for a morning seminar to learn about the current tariff situation and strategies to adapt and remain competitive.

The following topics will be covered:

The Tariff Exclusion Process
by Jane Davis, Shumaker Williams LLC

- Learn about the tariff exclusion process
- Process of submitting comments and testimony
- Following up with legislators

Re-evaluating Your Global Supply Chain in a Tariff Environment
by Sean Sabre and Peggy Stewart, Nexterus

- Understanding the trade-offs in regards to short term strategies such as sourcing changes and long term strategies such as near shoring
- Substantial transformation in the supply chain as a mechanism to mitigate tariffs
- Supply Chain Modeling and Simulation Strategies

Are we in a Trade War? What's Next?
by Brian Simpson, Baker Tilly Virchow Krause, LLP

- "Surviving tariffs and trade uncertainty: 5 proven approaches to address tariff impacts"
 - Consider strategic options to conducting global trade in a changing socio-political landscape
 - Learn tactics to overcome tariffs and other limitations in conducting cross-border business
 - Position your company to better address future trade policy shifts
- Proven approaches to help their business adapt and maintain their competitive edge in the marketplace
